

FOR THE GREAT CELEBRATION.

New York's Preparations to Do Honor to Columbus.

Parades and Festivals of Surpassing Magnificence.

In a little more than a week New York will attempt to prove that it is the metropolis of a country that was worthy of being discovered.

Oct. 12 will be a day of continental celebration by all New York and half a million visitors. The festival will last for nearly a week.

The celebration begins Oct. 8, when a special service will be held in the cathedral.

On Monday, Oct. 10, there will be a parade of the people of the public schools and colleges.

Tuesday will be naval parade day, and the spectacle will be one of surpassing magnificence.

Among the warships to participate are the battleships, cruisers, and gunboats.

After the show of strength on sea there will be an athletic carnival on land to be held at the Manhattan Field.

German-American singing societies will hold a musical festival in the seventh regiment armory.

More than 100,000 uniformed men are expected to be in line, including United States regulars.

On Monday, Sept. 29, will be the Grand Parade of the Armies.

The line of march will be from Broadway to the Post-Office, by way of Fifth street and Washington square.

Wednesday night the grand electric pageant, it is promised, will exceed in interest any exhibition of the kind.

The display will represent "Fame," "The Pre-historic Cave-dweller," "The Toltec," "The Aztec," "The Incas," "The Spaniards," "The Revolution," "The Republic," "The Future."

All the floats will be illuminated with electricity and will be drawn south by horses.

Following in line will be the Irish of the Independent Order of Red Men, comprising 6,000 men, marching in Indian costume.

Plenty of opportunity to view the parades will be afforded citizens and strangers.

There will be a grand parade of the city of New York, and the city of New York will be the scene of the most brilliant light night.

There will be at least half a million strangers in the city during the festival week, and New York is preparing to receive them.

A list of 1,000 boarding-houses is in the hands of the Committee on Accommodations, and will be distributed to all arriving.

Visiting militia and firemen will be specially cared for and will be banqueted at Essex Market Hall.

All the money that is needed is in the hands of the Committee, and that is a great deal more than Queen Isabella realized from the sale of her diamonds.

The Committee of One Hundred will meet at the Windsor Hotel to-night.

MABEL SCHAUS'S SACRIFICE.

She Finally Resigns All to Dr. Stillman's Widow.

Last Chapter in the Sad Romance of a Millionaire's Daughter.

A despatch from Chicago this morning states that the will of Dr. Charles E. Stillman, a former prominent physician of New York, who died in that city April 28 last, bequeathed his entire estate to Miss Mabel Schaus, his adopted daughter.

The petition, however, was filed by Mrs. Harriet E. Stillman, the widow, who asked that William E. Clark, Jr., of Chicago, be appointed administrator.

Miss Schaus did not appear. Mrs. Stillman's application, and the reason stated was that the widow and Miss Schaus had made a settlement.

Miss Schaus's renunciation, declining to act as executrix, was placed on file. For a consideration she assigned and transferred to the legal heirs all the rights and interests in the estate.

This is the last chapter of an extraordinary story of passion and faith, involving a tale of love, secrecy, separation, tears and final desolation, such as is seldom met outside of a sensational novel.

Dr. Charles E. Stillman was until June, 1880, medical examiner for the Mutual Life Insurance Company, and was one of the most successful and brilliant of the city's physicians.

He was a man of great wealth, and his estate was valued at \$1,000,000.

NANCY HANKS'S NEW RECORD.

She Trots a Mile in 2.04 on Terre Haute's Famous Track.

Wonderful Performance of the Little Mare, Driven by Doble.

TERRE HAUTE, Ind., Sept. 29.—Nancy Hanks trotted the world's record yesterday, and otherwise, by trotting on the regulation track in the marvelous time of 2.04.

The track was in great condition, and the day was refreshing and cloudless, and when Doble, the owner, he and his best-dressed groom received, completed him to lift his hat.

Nancy went at the first effort and came to the start like a whirlwind.

Every eye in the grand stand seemed to believe that this was the trial of all trials, and when the mare came under the wire in 2.04, a shout went up that lasted fully ten minutes.

Homesteaders embraced each other in the excitement of their joy. Men jumped over the railing onto the track, and in a twinkling of an eye the horse and driver were surrounded by a yelling, frantic mob.

Doble was taken up in the grand stand in response to demands for a speech from the enthusiastic throng.

He started to tell Starvo Galt that he was not a horse, but the horse was so great that nothing could be heard of what Mr. Walker was saying.

The quarters were as follows: 0.31, 1.02, 1.32, 2.04.

By the feat to-day over the same track that Axel had won the world's stallion record in 2.12 and sold himself for \$20,000.

SAVED!

One Man and One Woman Only Escaped Death.

A Story of Rescue That the Newspapers Have Made Much Of.

Because of the Fact That Two Persons Were Saved Out of Many Hundreds.

Two were saved—a man and a woman. Such is the report from the wreck in mid-ocean of a great steamship, and the newspapers have been filled with the account of the brilliant rescue of these two persons out of many hundreds.

We do not for an instant dispute the rescue of these two persons, but why so much commotion for saving only two persons out of many hundreds?

There are thousands and hundreds of thousands of lives in direct jeopardy through disease and pestilence, and of this vast number of sufferers, thousands are being saved and saved by the use of Dr. Green's Nervine.
